

**LMG NAMES SNELL & WILMER PARTNER DANIEL WITTENBERG AS  
“LIFE SCIENCES STAR” FOR SECOND CONSECUTIVE YEAR**

**DENVER (June 27, 2013)** – Snell & Wilmer is pleased to announce that Daniel Wittenberg, a partner in the Denver office, was named a “Life Sciences Star” by LMG Life Sciences. The publication serves as a resource for legal expertise in the life sciences and pharmaceutical industry. This is the second consecutive year Wittenberg has been named a “Life Sciences Star” by LMG magazine.

“I am honored to be recognized as a ‘Life Sciences Star’ by LMG Life Sciences for the second consecutive year,” said Wittenberg. “In my practice, I work with many of the leading and emerging companies, organizations and influencers in the life sciences and medical technology fields. During the course of my career I have been privileged to represent medical device and pharmaceutical companies on both a local and national level and look forward to the opportunity of continuing to be of assistance to the industry in the future.”

For 20 years, Wittenberg has counseled life science, medical technology and consumer product companies in formulating creative, effective and efficient solutions to problems in both the litigation and non-litigation settings. He works with clients on risk management strategies, recalls, product liability issues and regulatory matters, including those involving the Food and Drug Administration (FDA) and Consumer Products Safety Commission (CPSC). Wittenberg has attained certification as a Global Regulatory Affairs Compliance Professional (GRACP) and has served as national counsel for major medical device manufacturing concerns, and regional counsel in mass tort cases. Representative clients also include renewable and clean energy companies, such as a leading manufacturer of solar cells, panels, inverters and imaging detectors, as well as one of North America’s largest wind energy companies.

Wittenberg is a co-chair of the firm’s Medical Device and Pharmaceutical industry group and serves on the firm’s Attorney Development Committee. He serves the life science and medical technology industry through his active involvement on the board of directors for the Colorado Bio-Science Association for which he is co-chair of the Government Relations and Public Affairs Committee as well as an executive board member of the association. In this capacity, Wittenberg has made numerous trips to Capitol Hill to educate federal legislators on significant legislation affecting the industry. Wittenberg is active in his community and participated in the Leadership Boulder County program that selects a limited number of individuals in order to develop leaders who are informed, involved and concerned about issues germane to Boulder County. He graduated from the University of Colorado and earned his J.D. from the University of Denver, College of Law.
