**DR. ANN CAVOUKIAN TO DELIVER KEYNOTE AT PRIVACY SEMINAR
CO-SPONSORED BY SNELL & WILMER AND DELOITTE**

LOS ANGELES (October 31, 2013) – Snell & Wilmer and Deloitte are pleased to announce that Dr. Ann Cavoukian, information and privacy commissioner for Ontario, Canada, will be the keynote speaker for their co-sponsored privacy and data protection seminar. The event will take place on November 12, 2013 in Deloitte’s downtown Los Angeles office located at 350 S. Grand Avenue. Dr. Cavoukian is a renowned author and authority in the area of corporate privacy solutions and the originator of the “Privacy by Design” approach to data protection.

Dr. Cavoukian will address prevailing privacy issues such as, corporate responsibility for privacy, privacy as a competitive advantage for business, implementing “Privacy by Design,” big data and metadata implications for privacy, and the impact of the NSA’s cyber security program on American businesses.

Following Dr. Cavoukian’s presentation, a panel of subject matter professionals, including [Patrick Fowler](#), partner at Snell & Wilmer; Heather Haworth, vice president and assistant general counsel at Edwards Lifesciences, LLC; and David Melnick, principal in Security and Privacy Services at Deloitte & Touche LLP, will offer industry and legal insights. The program will focus on issues relevant to privacy officers, in-house counsel responsible for privacy and security policy within their organizations, and executives interested in protecting and securing company information for general business reasons. Dr. Cavoukian and the panelists will address audience questions throughout the program.

Additional event and registration details can be found online [here](#).

About Snell & Wilmer L.L.P.

Founded in 1938, Snell & Wilmer is a full-service business law firm with more than 400 attorneys practicing in nine locations throughout the western United States and in Mexico, including Los Angeles and Orange County, California; Phoenix and Tucson, Arizona; Denver, Colorado; Las Vegas and Reno, Nevada; Salt Lake City, Utah; and Los Cabos, Mexico. About Deloitte’s Security & Privacy Services

Security, privacy and operational resilience are critical issues facing both public and private organizations today. Security & Privacy (S&P) services help organizations in their management of information and

technology risks by delivering end-to-end solutions, using demonstrated methodologies and tools in a consistent manner. Our services help organizations address timely and pervasive issues such as identity theft, data security breaches, data leakage, cyber security and system outages across organizations of various sizes and industries, with the goal of enabling ongoing, secure and reliable operations across the enterprise. For deeper insights and new research on information security and privacy, visit our new innovation center, the [Center for Security and Privacy Solutions](#).

As used in this document, “Deloitte” means Deloitte LLP and its subsidiaries. Please see www.deloitte.com/us/about for a detailed description of the legal structure of Deloitte LLP and its subsidiaries. Certain services may not be available to attest clients under the rules and regulations of public accounting.
