

LMG NAMES SNELL & WILMER PARTNER DANIEL S. WITTENBERG AS “LIFE SCIENCES STAR”

DENVER (May 28, 2014) – Snell & Wilmer is pleased to announce that partner Daniel S. Wittenberg, was named a “Life Sciences Star” by [LMG Life Sciences](#). The publication serves as a resource for legal expertise in the life sciences and pharmaceutical industry. This is the third consecutive year Wittenberg has been named a “Life Sciences Star” by LMG magazine.

“I am honored to be recognized as a ‘Life Sciences Star’ by LMG Life Sciences for the third consecutive year,” said Wittenberg. “I am fortunate to work with many of the leading and emerging companies and innovators in the life sciences, health care product and medical technology fields. Throughout my career I have defended and counseled medical device and pharmaceutical companies on local, regional and national levels and look forward to continuing to be of assistance to the industry in the future.”

For over 20 years, Daniel S. Wittenberg has delivered strategic legal advice to healthcare product, life science, and medical technology companies on product liability, regulatory, risk, commercial, compliance and transactional matters. Throughout his career, Wittenberg has provided guidance to clients’ senior management, executive teams, business units, sales teams, engineering departments, R&D, quality, regulatory, medical safety, and compliance departments. He is certified as a Global Regulatory Affairs Compliance Professional (GRACP) and also counsels companies on sales, labeling, marketing and promotional materials, guidelines, and various healthcare industry related issues. Likewise, he helps businesses respond to FDA inquiries concerning product lines, complaint trends, product literature, general investigations, and recalls. Wittenberg’s clients also include renewable and clean energy companies, such as a leading manufacturer of solar cells, panels, inverters and imaging detectors, as well as one of North America’s largest wind energy companies.

Wittenberg is a co-chair of the firm’s Medical Device and Pharmaceutical industry group and serves on the firm’s Attorney Development Committee. He serves the life science and medical technology industry through his active involvement on the board of directors for the Colorado BioScience Association for which he is co-chair of the Political Action Committee as well as an executive board member of the association. In this capacity, Wittenberg has made numerous trips to Capitol Hill to educate federal legislators on significant legislation affecting the industry. He is also active in his community, serving on the board of directors for the Colorado chapter of the American Lung Association as well as the board of directors for WOW! Children’s Museum. Wittenberg graduated from the University of Colorado and earned his J.D. from the University of Denver, College of Law.
