SNELL & WILMER PARTNER DANIEL S. WITTENBERG NAMED “LIFE SCIENCES STAR” FOR SIXTH CONSECUTIVE YEAR

DENVER (September 11, 2017) – Snell & Wilmer is pleased to announce that [Daniel S. Wittenberg](#), partner and co-chair of the firm’s medical device and pharmaceutical industry group, has been named a “Life Sciences Star” by [LMG Life Sciences](#) for the sixth consecutive year.

The LMG Life Sciences publication serves as a resource for in-house counsel identifying leading lawyers and firms in the intellectual property, regulatory, transactional and non-IP litigation practice areas. Life Sciences Stars are selected using a qualitative process of peer opinion, market feedback and independent research from more than 1,000 online surveys and interviews with nearly 600 attorneys, as well as a review of public information and feedback from clients within the industry. Wittenberg was named in the Non-IP Litigation and Enforcement category.

Daniel S. Wittenberg

“It is truly an honor to be recognized as a ‘Life Sciences Star,’” said Wittenberg. “For over two decades, I have focused my practice on defending and providing guidance to the companies that drive innovation and ultimately improve the lives of others. At Snell & Wilmer, I am fortunate to be a part of a team that makes a positive industry impact through leadership in life sciences matters.”

For 25 years, Wittenberg has counseled life science, pharmaceutical, medical technology and consumer product companies. He works with clients on risk management strategies, recalls, product liability issues and regulatory matters, including those involving the Food and Drug Administration (FDA) and Consumer Products Safety Commission (CPSC). Wittenberg has attained certification as a Global Regulatory Affairs Compliance Professional (GRACP) and has served as national counsel for major medical device manufacturing concerns and regional counsel in mass tort cases. He also represents companies in commercial litigation and works with entities in technology transfer, university commercialization, startups and intellectual property matters.

Wittenberg serves the life science and medical technology industry through his active involvement on the board of directors for the Colorado BioScience Association, for which he is co-chair of the Government Relations and Public Affairs Committee, as well as an executive board member of the association. Further, he is a frequent contributor to American Bar Association publications and a guest speaker on a variety of topics at state and national conferences.
