Leadership Henderson is an eight-month course devoted to educating and empowering civic-minded professionals with a goal of building and maintaining a strong network of effective community leaders. Selection of participants is based upon demonstrated leadership experience, potential, and abilities. Through panel presentations by community leaders and experts, simulations and hands-on experiences, participants learn about current issues pertaining to local economy, government, social services, health, gaming, business, and education that effect the residents and businesses that call Henderson home.

“I am extremely excited to be included in the Leadership Henderson Class of 2022,” said Edelblute. “When you look at prior Leadership Henderson class rosters, you begin to realize that you’re standing on the shoulders of giants. After meeting my fellow classmates, I have no doubt that the Class of 2022 will make some serious noise on our journey to becoming the best class ever.”

Edelblute is an associate focusing on commercial litigation and government affairs.
