AAPICC was re-established in 2019 by the County Commission to identify social and economic needs of the growing Asian-American and Pacific Islander communities in the Las Vegas Valley. The committee’s first-term accomplishments included researching the needs of the Asian-American and Pacific Islander community, hosting a resource conference, conducting a feasibility study to develop a cultural center, and supporting a County Commission resolution to condemn and combat racism, xenophobia and intolerance against Asian-Americans and Pacific Islanders. In June 2021, the County Commission voted to make the AAPICC permanent. New duties include advising the County Commission and Manager’s Office on matters and concerns of the Asian-American Pacific Islander Community, educating the community on anti-Asian intolerance and promoting equality, encouraging youth education, and convening community forums on public safety, human rights, economic development, social services and multi-cultural development.

Gilbert is an associate in the firm’s corporate and securities practice group. Her practice focuses on assisting mid-market companies and their owners in corporate and commercial matters. Prior to joining Snell & Wilmer, Gilbert served as a Development Officer for the UNLV Foundation and as a Regional Representative for U.S. Senator Harry Reid.
