

Snell & Wilmer Congratulates Jason Ebe.

JASON HAS BEEN NAMED AS ONE OF *THE BEST LAWYERS IN AMERICA*® IN 2010, FOR THE SECOND YEAR IN A ROW.

The 16th edition of the biannual publication of *The Best Lawyers in America*® (Copyright 2010 by Woodward/White, Inc., of Aiken, S.C.) recognizes the best of the nation's legal representation in their respective practice areas, as determined by their peers.

Best Lawyers bases its listings on an exhaustive year-long survey of the legal profession, in which attorneys nationwide are asked to rate the top practitioners in their specialties, from their jurisdictions. This year's edition is based on over 2.5 million confidential evaluations by only the top attorneys in the country.

Jason Ebe is a Partner in Snell & Wilmer's construction law practice in Phoenix, Arizona. Since 1996, he has represented owners, developers, contractors, subcontractors, and design professionals in all aspects of design and construction matters. These include contract preparation and negotiation, design and construction insurance matters, payment claims, lien and bond claims, professional malpractice claims, construction defect claims, and representation of contractors before the Registrar of Contractors and technical registrants before the Board of Technical Registration.

Jason is a former Chair of the Construction Law Section Executive Council for the State Bar of Arizona. He is also a member of the American Bar Association Forum on the Construction Industry, the Arizona State Board of Technical Registration Enforcement Advisory Committee, the Arizona Builder's Alliance, the American Council of Engineering Companies of Arizona, the Alliance for Construction Excellence Project Delivery Methods Task Force, the American Subcontractors Association of Arizona, and the Maricopa County Bar Association. He has been an active member of the Phoenix Rotary Club No. 100 since 1997.

Jason received his J.D. degree from the University of Arizona, James E. Rogers College of Law, and his B.S. degree in Materials Science Engineering from The Ohio State University.
